

## **7. Procedures for transport of animals**

56. It is allowed to transport dogs, cats, ornamental birds, domestic or ornamental bird chicks, which are to be transported in accordance with the procedures specified in the legislation regulating the protection of animals. The passenger transporting an animal shall take care that the animal does not disturb other passengers.
57. No more than 10 (ten) dogs may be carried in one train wagon, no more than 2 (two) dogs accompanied by one owner may be present in one seat compartment.
58. On the train, the dog shall be transported with a muzzle and shall be kept on a leash or, if it does not have a muzzle, it shall be placed in a bag, container or cage suitable for animal transportation. Other animals shall be transported in suitable bags, containers or cages. It is forbidden to transport a dog or any other animal on a seat.
59. The cost of transporting one or several animals (in the same cage, container or bag) corresponds to the fare for one baggage unit.
60. Passengers who are entitled to a reduced fare in the territory of Latvia, shall pay for the transportation of one or several animals in accordance with the tariffs approved by the carrier.
61. A dog providing guide or assistance services is transported free of charge, provided that the requirements established in the animal protection regulations for such dogs are met. These dogs are transported on the train without a muzzle, special bag, container, or cage, and the dog's owner or keeper ensures that the dog does not pose any threat to the safety, health, or life of passengers and that the dog behaves appropriately.
